

DaaS: (Device as a Service)

Simplify the management of your work tools and safeguard your cash flow!

Don't buy your next computer, rent it!

Your office computing starts with DaaS!

DaaS (Device as a Service) is an operational leasing solution that includes IT equipment and lifecycle management services, with or without accessories, billed monthly over a 36-month lifespan.

With DaaS, reinvent your IT procurement!

The benefits of DaaS :

FINANCIAL :

- ◆ Choice of hardware and negotiation of volume prices among market standards (Dell, Lenovo, HP)
- ◆ Predictable budget planning and flexibility
- ◆ Reduced effort for an in-house IT department
- ◆ Transformation from CAPEX to OPEX (Lease Contract)

OPERATIONAL :

- ◆ Laptop configured for immediate use, delivered to your premises within 72 hours (fast run option: delivery within 3 hours)
- ◆ Software updates (Gold pack),
- ◆ On-site hardware support and theft guarantee included
- ◆ Express and simplified support, managed by Rcarre
- ◆ Continuous user performance: effective laptop every 36 months & proactive fault detection
- ◆ Fleet and asset management
- ◆ Reconditioning of equipment at the end of the contract for a second life!
- ◆ ESR leverage with reduced carbon impact and guaranteed second life
- ◆ Enhanced security: antivirus, data encryption (to be confirmed if included), end-of-life data erasure certificate, data backup (optional)
